Introduction: God's character, church life, and church gatherings

Three Reflections on Hebrews 10:19–25

1. Gathered worship is story-driven, focusing on what God has done in Christ to bring us together.
2. Gathered worship is horizontal. We speak and sing to one another, and we come prepared to use our spiritual gifts for the upbuilding of others.
3. Gathered worship is honest. We acknowledge the realities of sin and suffering. We celebrate the reality of redemption accomplished and applied.
